

TWO WAY PERSONAL PAGER

GET THE ATTENTION YOU NEED QUICKLY & EASILY

Model
PG-200

2-Way
PAGING
WITH AUTO ACKNOWLEDGEMENT

Get the attention you need fast! The Model PG-200 Two-Way Personal Pager allows the user to summon help with just the press of a button and the receiver to immediately confirm back that a page has been received. An ideal communication method for patient and caregiver, or just to stay in touch around the house!

Designed with three unique alert modes: Bright flasher, adjustable ringtone and strong vibration.

Features:

- Easy to Use! Immediate contact at the press of a button
- Two way paging confirms a page has been received, reassuring the sender
- Three alert modes: Bright flasher, adjustable, loud ringtone and strong vibration
- 150 foot range transmits alerts to any location in the house
- Unique channel selection ensures no mixing or interference from neighboring systems
- Lightweight, compact and easy to wear.

Easy to Use, Easy to Operate
