

HearAll™ Cell Phone Amplifier

Enjoy Loud & Clear Conversations Any Time, Anywhere

Model
SA-40

(cell phone not included)

Hear Every Word on Your Cell Phone!

Can't hear too well on your cell? With our HearALL™ Cell Phone amplifier, you will hear every word, even in the noisiest environment.

No more muffled words or straining to hear! With amplification up to 100 times louder (40dB), tone control and T-coil mode, you will understand every word, with or without your hearing aid.

Features:

- Works with virtually any *Bluetooth*® cell phone. Also works with your iPad* or iPod*.
- Amplifies up to 40dB (100 times louder)-No more straining to hear!
- Adjustable tone booster amplifies the sound frequency that you can't hear well. Now you can hear and distinguish similar sounding words.
- Use as a handset-no more concerns about cell phone radiation.
- Latest DSP technology eliminates static and distortion for easy listening.
- Padded receiver grill for added comfort and noise isolation.
- Built-in "T-coil mode" allows t-coil users to hear in their hearing aid, without sound from the speaker
- Selectable speakerphone mode, together with the magnetic visor clip, allow "hands-free" conversations in cars.

*Bluetooth® iPod® and iPad® are trademarks of Bluetooth SIG, Inc. and Apple, Inc, respectively.
