

Serene Innovations JUMBO-KEY AMPLIFIED TELEPHONE

Model HD-50JV Jumbo-Key Amplified Telephone with Voice Activated No-touch Answering, Talk-back keys, Speakerphone and 45dB Amplification

Features

- Jumbo keys with Braille lettering makes it easy to see and dial
- VoiceAmatic Voice-activated Answering lets you answer the incoming calls by just saying "Hello" without touching the telephone
- Amplifies incoming sound up to 45 dB (about 200 times louder), the most powerful in its class
- High-Definition Sound (HDS) Technology for un-matched sound clarity, making every word easy to understand
- Selectable Digital Tone Setting allows you to boost and enhance the hard to hear speech tones, making every word intelligible again
- Latest Digital Sound Processing technology eliminates virtually all distortion, echo effects and unwanted static commonly found in other ordinary amplified phones
- High performance speaker-phone for loud and clear hands-free calls
- Three (3) one-touch and ten (10) two-touch programmable memory buttons
- Two (front and side) bright visual ring flashers
- Loud ringer with adjustable ringing volume and tone controls
- Battery back up (batteries not included) for power outages
- Hearing aid compatible handset
